

## **Application For Student Identification Card**

**30 Kertész Street**

**Budapest**

**January 20, 2022**

*Dear Parents,*

*We would like to inform you that the application process for student identification cards is as follows:*

**You can acquire the NEK data form at the document office assigned to your place of habitation or digitally via the government window (kormányablak)-on the basis of official documents (identity card, address card or other prevalent identification documents)- your child's photo (over the age of twelve the signature of the child is also required) will be taken in the document office.**

**You are to show the filled-in NEK data form to the school secretary, who will apply for the student identification card in the OKTIG system electronically after checking the data. The application is free of charge.**

**The finished student identification card will be sent to the school.**

**If your child is schoolable, the identity card is valid without the validating sticker until October 31st after the school year in which your child becomes 16 years old.**

*School Management*
